"TPM's service and proactiveness has far exceeded our expectations. We receive immediate attention at all times."

About Little...

Little, an international architecture and design firm, is recognized for developing exceptional design solutions that generate business results in the workplace, community, healthcare and retail industries. With over 400 professionals, Little delivers results beyond architecture by combining expertise in traditional architectural services (architecture, engineering, interior architecture) with proficiency in additional diversified architectural consulting services (land development services, facilities planning and space management consulting, graphic design, building technology applications, and computer animation and internet application services).

"TPM has not only done a great job at partnering with us to determine our obvious needs, they've also been proactive in introducing us to new, more advanced technology that enhances our ability to serve our clients."

"TPM's service and proactiveness has far exceeded our expectations. We receive immediate attention at all times."

"We value TPM as a trusted business partner. They are a resource for new ideas and proactively alert us of price increases so that we can renew our licenses early to avoid additional cost."

Terry Bradshaw
