

TPM Customer Spotlight: Delta Engineering

Website:

www.deltaeng.net

Industry:

Engineering

Location/s:

Augusta, GA

TPM Products & Services:

Autodesk Software
Bluebeam Software
Services & Consulting

"Delta Engineering has relied on TPM for all our customer-based software from Autodesk products to Bluebeam and have found TPM to be an excellent source. From Joseph Talbert, Account Executive, to Justen Peace in technical support we are in very good hands."

About Delta Engineering....

Delta Engineering Group, LLC, a Women's Business Enterprise, has been a full-service engineering firm serving Georgia and South Carolina since 1997. We specialize in HVAC, Plumbing, Fire Protection and Electrical Engineering. We have experience with a variety of projects including office buildings, schools, churches, commercial kitchens, restaurants, and industrial ventilation for private and government clients. Our staff has a diverse background in commercial, industrial, and government projects and are accustomed to the requirements expected of both large and small projects.

Located at 204 Pitcarin Way, Augusta, 30909. Our company is small but expanding to accommodate ever increasing customer demands. Our company utilizes Autodesk Software, Autodesk Revit, and Bluebeam Revu and are extremely fortunate to be associated with TPM
