"I work with many vendors across our market and I truly value TPM's responsiveness. TPM does not take our long-standing relationship for granted & continuously improves to earn our business even after 40 years."

Jason Jones
Technology Director
O'Neal Inc.

About O'Neal Inc....

For over 40 years, O'Neal has been successfully delivering capital projects in diverse industries worldwide. Our professionals average over 21 years of experience and specialize in complex design and construction. O'Neal's clients recognize that delivering capital projects is a process that requires planning, flawless execution, and accountability from all project team members.

O'Neal has partnered with TPM for 40 years initially partnering on reprographics services and have expanded the services portfolio with AEC software, software training, and large format print services.
